

Snow Lam's \$1 Seed Inventory List

<https://mamasnowcooks.com/gardening/seeds-for-sale-inventory-list/>

Inventory updated 10/5/26

Note: My pepper seeds are on a separate list.

CODES

Green: New! To be tested in my garden.

Yellow: Low in stock, last packet left

Pink: Sold out / Out of stock

White: My Favorite -Always in stock and will restock

How to Place a Seed Order with Snow Lam at www.MamaSnowCooks.com Email: Tuyet.A.Lam@gmail.com

1. First, scroll down to see all the seeds I offer for \$1 per packet. My pepper seeds and tomato seeds collection are on a separate inventory list.
2. Second, to become my seed buyer, decide which seed packets you would like.
 - Minimum seed package purchase: 15 seed packets for \$15 plus \$10 for packaging, labeling, and shipping cost with tracking number via USPS Priority Mail in padded envelope. (Price effective 10/1/26)
 - After 15 seed packets, just add \$1 per additional seed packet. The more seed packets you buy, the more you save.
3. Once you have the list of seed packets you would like to buy from me, please contact/email/Facebook me your list of seed packets. Once I confirm and have all seed packets ready to be mailed out, I will then collect your payment. I accept Zelle or Pay Pal payments only.
4. I only mail seeds within the United States, excluding Hawaii and Alaska.

Note: I do not earn profit from selling seeds. My supporting seed buyers are helping me split up the seed costs I purchased. It's also a way I can support my fellow gardeners on a budget like me who only need \$1 worth of seeds.

I only restock my favorite seeds indicated with a heart icon. I like to test out different cultivars and hybridize seeds for certain vegetables to see which one does best for zone 9B/10A of Florida.
